Sellers are required to copy and paste the following disclaimer word for word in all travel listings: "By listing this auction, I verify that I am the actual travel agent or travel provider and not a third party affiliate. The travel/accommodations in this auction will be booked directly through me and not an outside agency. I also verify that, other than the government taxes and related government fees stated within the listing description itself, there will be absolutely no

additional fees, charges, or after-auction purchases associated with booking the travel within this listing." Why does eBay have this policy? This policy helps ensure that the eBay user experience is a positive one and that important government regulations are followed.

</h2></h2>GUIDE.TALKING_POINTS Reasoning Reason for policy
