

Your purchase history

Purchase history is the central place to manage your orders. Simply select the More actions dropdown menu next to one of your purchases to see a list of options, including Contact seller and Return this item.<https://www.ebay.com/myb/PurchaseHistory>

Go to your purchase history - opens in new window or tab

How to delete items in your purchase history

You can't permanently delete items from your purchase history, but you can hide items you've bought in the last 60 days. Here's how:

- Select the More actions dropdown next to the item you'd like to hide.
- Choose Hide order. If you hide something by mistake, simply select Undo Hide.

How to find items you bought more than 60 days ago

You'll see items you bought in the last 60 days when you go to your purchase history. To see older items you've bought, you can change the date range displayed. Go to See orders from at the top of your purchase history and choose the year from the dropdown. Your purchases will automatically update to reflect the year you selected.
