

Adding additional services to your purchase

When you buy certain products on eBay, you can also purchase additional services such as tire installation or a warranty for your item.

When you're viewing an item on eBay that has an additional service available, we'll give you the option of adding the service to your shopping cart along with the item.

When viewing a listing that offers additional services, you'll see the option to add the service to your shopping cart along with the item. Simply check the box next to the service you'd like to purchase. You can also see the other services that the provider offers. After you've purchased a service, you'll receive a confirmation email from the service provider. Typically the provider will call or email you to set up an appointment and confirm any necessary details, such as the specifics of the item you've purchased. Here are the add on services currently available:

- [Warranties \(powered by AllState\)](https://www.ebay.com/cdp/help/protection-plan/allstate) - opens in new window or tab
- [Phone plans \(powered by Tracfone\)](https://www.ebay.com/cdp/help/wireless-plans/tracfone) - opens in new window or tab
- [Tire installation \(powered by CarAdvise, SimpleTire\)](https://pages.ebay.com/tire-installation/) - opens in new window or tab

If you change your mind about adding an additional service before you complete your purchase, you can remove it from your cart like any other item.

Getting help with an additional service

If you experience any problems with the service you've bought, you should get in touch with the service provider as soon as you can. In the event of any difficulties, we recommend you try to come to an agreement with them, as you would with any other seller on eBay. If that doesn't work, you can always contact us.
