

Manage your collection

You can use the Collection beta to organize, track, and manage your sports cards and collectible card games collections.

Use the Collection beta to manage your trading cards collection directly from the eBay app.

Group your trading card collections in one place on eBay with the Collection beta. You'll find the Collection beta in the latest version of the eBay app on iOS and Android and a view-only version on desktop. The tool is not available on mobile web.

How to start your collection

You can currently add sport cards and collectible card games categories to the Collection beta. Here's how to start your collection:

- Update your eBay app to the latest version.
- Go to My eBay and select Collection beta.
- Tap the + icon to add items to your collection.

Tip You can add a maximum of 1,000 items to your collection. You won't be able to customize your collections at the moment, but purchases made within the last year may have been added. The following collection categories and sub-categories are available:

Sports	Trading Cards
Baseball	Basketball
Football	Golf
Ice Hockey	Collectible Card Games
Soccer	Magic: the Gathering
Pokémon	Yu-Gi-Oh!

We plan to add other categories in the future.
