

Leaving feedback for buyers

Leaving feedback for your buyers is a great way to say thank you.

We recommend you leave feedback for your buyers as soon as they've paid — they'll be more likely to leave prompt feedback for you in return.

How to leave feedback for buyers

You can leave feedback for several items at a time or one by one. Here's how:

[Go to Orders](http://www.ebay.com/sh/ord) - opens in new window or tab in [Seller Hub](http://www.ebay.com/sh/ord) or

[Sold](http://my.ebay.com/ws/eBayISAPI.dll?MyEbay&CurrentPage=MyeBaySold) - opens in new window or tab in My eBay.

Choose the item(s), then select Leave feedback. Select Positive, enter a comment, then Leave feedback.

Verified purchase will be displayed next to your feedback to let other eBay members know that your feedback relates to a purchase completed on eBay. Visit [Seller Help](/sellerhelp/feedback) - opens in new window or tab to dispute any buyer feedback.
